

6 February 1963

MEMORANDUM FOR: Assistant for Administration
ATTENTION : Security Branch
SUBJECT : Request for Security Clearances

1. Approval is requested to solicit the organizations contained on the attached list for proposals and bids for the development of a versatile, high precision, stereoscopic point transfer device. (A copy of the design objectives is attached.) It is anticipated that any contract negotiated with these companies [redacted]

[redacted] not because the instrument is intrinsically classified.

2. It is desired to furnish these organizations with a copy of the design objectives as soon as possible in order that the development may be funded within this fiscal year.

3. It is believed that all these companies with the possible exceptions [redacted] are readily clearable. Since both these organizations are especially qualified, it is requested that priority clearance procedures be initiated for them.
